Sir,

-= I have the honor to ask you to lay the following matter before Government.

dont want to make Physicians and Surgeons but Hospital Assistants- Moreover if the matriculation standard is insisted on the liberal intentions of the Government of Mysore to include men of all classes amongst such pupils will be demonstrated, for very few except Brahmins will be found matriculated amongst the candidates. It is with difficulty I can get Mahommadans who have passed even the Lower Secondary test.

7. I request therefore that Government will be pleased to take very early steps in the matter as selection of candidates will have to be made in a few weeks.
